President's Corner

by Vic Briley

Hello fellow flyers:

The Community Meal Program that we sponsored on November 14th at the Congregational Church was a great success. I was unable to attend but heard from other members that it was well organized and a worthwhile cause. Expect a first hand report at our next meeting.

Our Christmas party was a blast. I hope everyone had as much fun as I did. Did you get what you wanted for Christmas? If not, there is always next year.

We will elect directors for a two-year term at Wednesday's meeting. Our nominating committee will present us with a list of candidates that we will vote on. May the best person win!

The chapter trip that Jim Abby put together for us is still up for discussion. We tabled it at the November meeting because of the holidays. I still hope we can arrange a trip this winter. I need a break from all this snow.

We have a guest speaker this month. Many of you have met Leon Jarema. He is from the Boyne City area and has had an interesting aviation career I am told. Please feel free to bring a guest if you like. The more the merrier.

Next month, our guest speaker will be Lt Col David Montgomery of the Civil Air Patrol. This should be an interesting

The BBB Flyout Schedule is back and is on page 3.

Several friends have recommended web sites featuring aviation photography. You will find this on page 5. Do you have any favorites that you would like to share with the members?

Every summer at Oshkosh I have a photographer friend, Bob Burns. He takes some very nice airplane pictures. Often he sends me his latest. All the photos in this issue are by Bob and are published with his consent.

Interesting Photo Sites

by Phil Curtiss

Some new web sites might appeal to the members.

[World-Air-Traffic-0-24 h.wmv](#) shows a world map with all the air traffic shown real time as little dots moving across the map. Submitted by Doug Schubert

[home.comcast.net/~bzee1a](#) has some rather amazing photos of a Blue Angels show at San Francisco. At the end there are some links to some videos. Check the 3 Sneak Passes line. Then if you really want to be amazed, at the 3 Passes link look for the F-15 landing on one wing. Since the last one wing landing was a fraud I have

my doubts about this. Submitted by Bud Palin.

[slideshare.net/gueste2d727/best-aviation-photography-ever-bar-none-368636](#) has some great photos along with some video links. Submitted by Bob Johnson and Doug Schubert.

[painttheplane.com](#) shows the results of a contest State of Alaska ran for the design of a paint job for Alaska Airlines. A really good design by a 16 year old Alaska girl. Submitted by Phil Curtiss.

I wonder,. Wally M. you might put these links on the EAA1095 web site.
