Past President Patty McBride
President Elect Don Cabble
Secretary Bob Wilson
Treasurer Gary Mattson

Directors: Pat Cohorst, Bill Osen, Duane Jasinski, Janice Lucier, Chuck Bump, Jim Davis, and George Bour.

We Build

Here is Jane Cheney doing her best to make Christmas a happy time for people in our community. She is Grandma Claus for the Gaylord Kiwanis Club. In the background you see Santa. Scott has been a very busy man for over a week. Scott will be tired for Christmas, but he really enjoys doing this every year. We packed over 500 baskets on Thursday the 17th of December. The fun was not over for all the elves. Baskets were then picked up by the families that needed them. Judi Doan has been in charge of this part of the program for many years. She will continue packing and getting baskets to the people who for one reason or another did not pick up the basket. We have a few every year. Big thanks to Judi and Scott for another great Christmas Basket project for 2009.

Scott said Duane was a great help for him this year. Duane is a retired school bus mechanic from downstate. He works summers at a local golf course.

I know there were many people that helped. I will single out one of our newest members. Duane Cohorst was a big reason things got done this year. He was there for the start of the project, and he was there for the end.

Another of our new members is Lynn Kellner. It looks like Joe found out she likes balloons.

Lynn Kellner and Pat Cohorst are planning a snowmobile poker run on February 20th. This is a Saturday. It will be held at the Sportsmen's Club. Pat and Lynn will need lots of help. Please volunteer your time.

George is planning an inter club to Indian River. Our own Judi Doan will present the program. This will be on January 18th.

There is not going to be a meeting on Christmas Eve December 24th, but there will be a meeting on New Years Eve December 31st. Chuck will have about 100 dictionaries for us to put Kiwanis stickers in the front cover. We will distribute a dictionary for every third grader in the area school districts.

So I wish all of you and your loved ones a Merry Christmas. Have a safe holiday, and take care if you are traveling.

**YOURS IN KIWANIS,
Bob Wilson**
