

**General Contracting Engineer (GEC)**

Paul Repasky has over 18 years of experience as a Design Engineer and Project Manager with Wade Trim. He has been involved with all phases of engineering projects from schematic design, design development, preparation of technical specifications, contract documents, bidding, construction administration and start-up. Mr. Repasky has experience with various civil engineering projects and has served as the project manager on several municipal infrastructure projects including water supply, distribution and computer modeling, waste water collection, pumping and treatment, storm water control, retention and sewer design, streetscapes, recreational trails and parks. In addition, he has provided supervision of surveying and inspection and materials testing. Mr. Repasky also has experience as a road and bridge designer and as a construction engineer for numerous county road commissions and has worked directly for the Michigan Department of Transportation (MDOT).
