

**F. W. Humeston**, Farmer

F. W. Humeston, pioneer and progressive farmer, is worthy of more extended notice that our limited space will permit. Mr. Humeston came to this country from Calhoun County some 25 years ago and has done his share toward the development of this region. He owns a farm north of town, but is a resident of the village, where he carries on a lucrative ice-cream and milk in the Demerest block on Main Street. Mr. H. has a fine herd of high-grade cows, which he is steadily improving, and the sanitary arrangements for handling cream and milk are perfect. Last spring he purchased from the south part of the state a pedigreed bull, believing that the best is none to good in cattle raising. He is strictly business in all his dealings and a representative citizen.
