

# GRAYLING TOWNSHIP RECYCLING CENTER

4670 North Down River Road, Grayling, MI 49738

To dispose of non-recyclables you will need an annual compactor decal. If you have not purchased a decal, the cost is \$1.50 per bag. As always, there is a 7 bag limit per day (depending on bag size). The Compactor Attendant reserves the right to refuse any items he considers hazardous or inappropriate.

Taking care of the environment is the responsibility of everyone, even you. Grayling Township is leading the way in environmental responsibility with the township recycling and composting center on North Down River Road.

The Grayling Township Recycling Center will accept most any kind of household and yard wastes, including paper, corrugated cardboard, clear glass, styro foam, tin foil, magazines, newspapers and plastic jugs; plus leaves and small brush trimmings from your yard. *And there's no extra cost to you!*

All the materials collected will be shipped directly to manufacturers who will make new products. None of the recycled material will go into the landfill or be transported by a waste hauling company.

To dispose of non-recyclables, you must purchase a yearly decal. Recycling is free of charge, **AND** you don't need to be a resident of Grayling Township to recycle!

Join the push to protect the fragile environment of Grayling Township. Recycle and compost your reusable household waste at the Grayling Township Recycling Center.

The Grayling Township Recycling Center is conveniently located at 4670 West North Down River Road next to the I-75 interchange.
